

EDAnalyzer

EDAnalyzer

ProtonTruthStudies

```
graph BT; PT[ProtonTruthStudies] --> EA1[EDAnalyzer]; PT --> EA2[EDAnalyzer];
```

The diagram illustrates a data flow from a single source, 'ProtonTruthStudies', to two separate 'EDAnalyzer' components. A central box at the bottom is connected by a horizontal line to two vertical lines, each of which terminates in an upward-pointing arrow directed at one of the 'EDAnalyzer' boxes above.
