

EDAnalyzer

EDAnalyzer

ProtonTruthStudies

```
graph BT; PT[ProtonTruthStudies] --> EA1[EDAnalyzer]; PT --> EA2[EDAnalyzer];
```

The diagram illustrates a data flow from a single source to two separate processing units. At the bottom, a rectangular box labeled 'ProtonTruthStudies' has a vertical line extending upwards from its center. This line connects to a horizontal line that branches into two upward-pointing arrows. Each arrow points to the bottom edge of one of two identical rectangular boxes positioned side-by-side at the top, both labeled 'EDAnalyzer'.
